## SUMMARY

Frontend Developer with two years of experience developing responsive web applications using HTML, CSS, and JavaScript. Proficient in converting UI/UX designs into maintainable frontend architecture, with a focus on performance optimization and interactive animations. Hands-on experience with admin dashboards and Shopify customization.

## Skills

Languages:

HTML, CSS, JavaScript

Frameworks/Libraries:

Bootstrap, Tailwind, React, GSAP

Tools:

Git, Figma, VS Code, Shopify

## EXPERIENCE

---

### Reflections Digital Agency

2023-current

- Delivered complete, production-ready frontend websites from Figma designs within **3-day timelines**, maintaining high accuracy, responsiveness, and code quality.
- Designed and developed cross-platform mobile application UIs using .NET MAUI, delivering full interfaces within **4 days** under tight deadlines.
- Played a key role in shaping and scaling the agency's main website, contributing to UI architecture, layout systems, and overall visual direction.
- Led frontend delivery across client projects in banking, logistics, automotive, healthcare, investment, and e-commerce, ensuring high standards of usability, performance, and consistency.
- Owned frontend development on Umbraco CMS, building reusable and maintainable components to support long-term scalability.
- Delivered interactive and animation-rich web experiences using GSAP, enhancing user engagement and overall UX quality.
- Customized Shopify storefronts by implementing UI-driven features, optimizing user experience, and integrating third-party services such as Sympl.
- Collaborated with cross-functional teams to deliver scalable, reliable, and high-quality digital products.

## **AzizCo Agency freelancer**

**2022-current**

- Developed and maintained e-commerce websites using Shopify, ensuring seamless user experiences and responsive designs.
- Collaborated with clients to understand their requirements and provided tailored solutions.
- Utilized HTML, CSS, and Shopify platform to implement design changes and enhancements.

## **Paradise Solution**

**2022-2023**

- Contributed to the development of front-end components for various web applications.
- Worked closely with the design team to implement responsive and visually appealing interfaces.
- Collaborated on projects involving Microsoft Dynamics integration, enhancing user interfaces for improved efficiency.

## **Arlation, Freelancer**

**2023-Present**

- Developed and maintained the company's website, which highlights their expertise in game localization and dubbing services.
- Incorporated dynamic and visually engaging elements to showcase the company's gaming industry specialization.
- Collaborated with stakeholders to ensure the website effectively communicated the unique offerings of the company.

## **PROJECTS**

---

### **Arlation Website**

- Developed a website for a game localization company, incorporating features that emphasize their game dubbing services.
- Ensured the site is mobile-friendly and responsive, providing an optimal user experience.
